Aims of event

- This is a standard periodical meeting to discuss and review the current economic situation in Bosnia.
- In the long term, it should enhance economic links between Switzerland (and Europe) and Bosnia, aiming at stimulating its economy and reducing unemployment.
- It should contribute and help Bosnia to emerge from its current economic low position.
- It should analyse the ways of encouraging investments in Bosnia.
- It should build up a network of people who share common commercial interests and aims.
- It should highlight the advantages and problems arising through business connections with Bosnia.

Kind regards,
